Note:

- ASSET Talent Scholar:** Students who score in the 95th percentile or more in any subject are declared ASSET Talent Scholars and are awarded special scholar certificates and medals.
- ASSET Talent Scholar Gold:** Students who top the ASSET Talent Search in any subject are awarded special ASSET Talent Scholar-Gold certificates and medals.
- Scaled Score:** Students' performance on the ASSET Talent Search Test is reported as a 'scaled score'. Reporting scaled scores is the best practice followed by most international tests. A student's scaled score will be between 200 and 800, a score of 500 indicates that the student is performing at the average level among all test takers. The advantage of scaled scores is that it distinguishes between student abilities more minutely.
- Some students may qualify for the ASSET Summer Programme or our partner programmes based on previous years' test scores. The intimation regarding this will be conveyed soon via email.
- Parents have been notified about the ASSET Talent Search results via email on their registered email. If the school registered as a 'group' and did not provide parent emails at the time of registration then the parents would not receive intimation regarding results directly. If this is the case, we request you to inform parents about the results.
- Please note that seats in the ASSET Summer Programme and in some of our partner programmes fill out on a first come first serve basis. We request you to encourage your students to apply early. Parents can apply to the programmes by visiting [www.asettalentsearch.com](http://www.asettalentsearch.com)
- Contact us at [talentsearch@ei-india.com](mailto:talentsearch@ei-india.com) or +919558777541 (Mon-Fri, 9 AM - 6 PM) for any assistance.
